5. Petitioner further alleges that she received the vaccination in the United States, that she suffered the residual effects of her injury for more than six months, that she continues to suffer symptoms of her injury, and that she has not received a civil award for her SIRVA. *Id.* at 5-6. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On August 16, 2019, respondent filed his Rule 4(c) report in which he concedes that petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, respondent "has concluded that petitioner's alleged injury is consistent with SIRVA, as defined on the Vaccine Injury Table." *Id.* at 6.

**In view of respondent's position and the evidence of record, the undersigned finds that petitioner is entitled to compensation.**

**IT IS SO ORDERED.**
